Good Afternoon,

The contractor will be using two (2) 2,000 gallon water trucks instead of the single (1) 4,000 gallon capacity water truck specified in the project's Construction Fire Prevention Plan (CFPP) per CFPP Section 7.3 Risk Reduction Measures (bullet point 4). This change was reviewed and accepted by James Pine, Assistant Fire Marshal for San Diego County Fire.

For your reference I have attached the original correspondence sent to you by Megan Peterson on 11/30/18 to document the County and CALFIRE approvals for the Construction Fire Prevention Plan as required in MM HAZ-3.

Let us know if you have any questions or concerns.

Thank you,

Lincoln

CAUTION - EXTERNAL EMAIL

Good Morning Adrienne,

We have reviewed the Construction Fire Protection Plan (CFPP) created by Dudek, dated October 2018, for the Suncrest Dynamic Reactive Power Support Project, and

our department accepts the CFPP as currently submitted.

Best Regards,
