**Re: A.12-01-012 - Santa Cruz 115 Kilovolt Reinforcement Project
Response to California Public Utilities Commission Data Request No. 13**

Dear Ms. Treis:

By this letter, Pacific Gas and Electric Company ("PG&E") responds to your November 3, 2014 request for additional information regarding Application (A.12-01-012) for a Permit to Construct the Santa Cruz 115 Kilovolt ("kV") Reinforcement Project ("Project"). Your letter states as follows:

"PG&E has indicated that they will request that the CAISO re-evaluate the need for the Santa Cruz 115 kV project at this time. When will PG&E submit this request and when do you anticipate a response from CAISO?"

PG&E formally requested that the CAISO re-evaluate the need for the Project on November 18, 2014. PG&E was advised by CAISO earlier this week that CAISO expects to provide its re-evaluation within a few weeks.

Please do not hesitate to contact me if you require any additional information.

Very truly yours,

Matthew A. Fogelson
