To: "Townes, Daniel W CTR OSD OUSD A-S (USA)" <daniel.w.townes.ctr@mail.mil>

Hi Dan,

Certain details about the Proposed Project have been defined and refined over the last year, but the general locations and components of the proposed features are the same. I recommend reviewing Section 2: Project Description and Appendix A: Detail Route Maps of the Draft EIR for current information regarding the Proposed Project to see what may have changed since LSPGC (applicant) provided you with project information. In addition, I recommend reviewing Section 3: Description of Alternatives of the Draft EIR where you will see the alternatives that have been analyzed, which include varying components that could be selected by the CPUC in lieu of or in combination with the Proposed Project.

Let me know if you have any additional questions.

Thank you,

Aaron Lui, Senior Manager

Good morning Mr. Lui,

Thank you for the notification.

Has there been any changes to the project since we reviewed it a year ago for Ms. Bohnert (LS Power)?

Respectfully,

Dan Townes

Subject: Notice of Availability/Notice of Public Comment Period for the Draft EIR for the Collinsville 500/230 kV Substation Project

Representative or Interested Party,

The California Public Utilities Commission (CPUC) has prepared a Draft Environmental Impact Report (EIR) pursuant to the California Environmental Quality Act (CEQA) analyzing the environmental effects associated with LS Power Grid California, LLC's (LSPGC) application (Application No. 2407018) for a certificate of public convenience and necessity (CPCN) to construct, operate, and maintain the Collinsville 500/230 Kilovolt (kV) Substation Project (Project). Additional information about the Project is available in the attached Notice of Availability (NOA) and on the [CPUC's Project Website](#). The Draft EIR can be accessed using the following links, once published:

- **CEQAnet (SCH No. 2025010149):** <https://ceqanet.lci.ca.gov/2025010149/2>
- **CPUC's Project Website:** <https://ia.cpuc.ca.gov/environment/info/panoramaenv/collinsville/index.html>

A 45-day public comment period begins Tuesday, November 4, 2025, and ends at 5:00 p.m. Friday, December 19, 2025. Refer to the attached NOA or the [CPUC's Project Website](#) for instructions on submitting comments.

A virtual public meeting will be held on Tuesday, November 18, 2025 from 3:00 p.m. to 5:00 p.m. Meeting attendance information is provided in the attached NOA and on the [CPUC's Project Website](#).

Thank you,
